

INTRODUCING

# The Sheffield Collection

*When you choose Sheffield, you give new architectural meaning to garage doors...  
adding a distinctive custom look to enhance the home's curb appeal.*

## Great Architectural Styling Choices

Sheffield's traditional stile & rail panel construction is available in three appealing styles: Swing, Trifold, and Bifold.

## Highest Attention to Detail

Each door is made to order using rigorous standards and state-of-the-art machinery in a quality-conscious environment.

## Design Versatility

A wide array of design options are available to achieve a tailored look, or to complement an existing or planned design scheme.

## Premium Choice Woods

Sheffields are made from clear Spanish cedar for its stunning beauty, superior endurance, and furniture-quality staining characteristics.

## Standard and Custom Sizes

Choose from 7' and 8' heights in both single and double sizes, or specify a custom size.

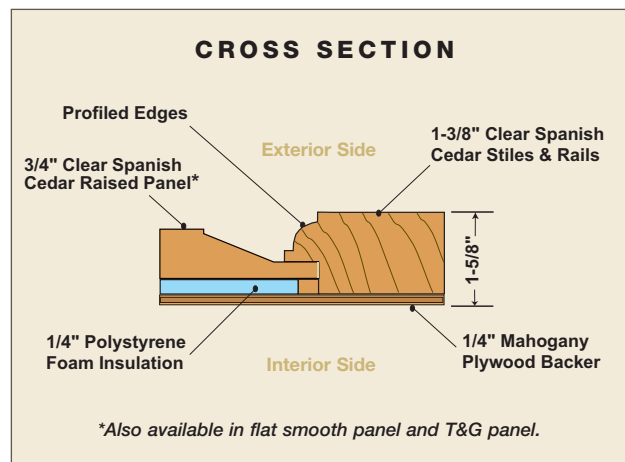

## Smooth and Dependable Operation

Heavy-duty hardware and tracks come standard to ensure long-lasting performance.

---

*This Sheffield model shown above is the  
trifold style featuring  
18 true divided lites and six solid raised panels across.*

---

## Door Specifications and Construction

- Frame consists of 1-3/8" clear Spanish cedar and 1/4" mahogany plywood backer to create overall frame thickness of 1-5/8". Stiles and rails are coped and glued together, then secured using pocket holes and stainless steel screws. A layer of polystyrene foam insulation is placed between the front panel and plywood backer.
- Flat smooth panels are 9/16" solid clear Spanish cedar.
- Tongue & groove panels consist of 3/8" solid clear Spanish cedar laminated to 1/4" mahogany plywood.
- Raised panels are 3/4" solid clear Spanish cedar.
- Glazing is double strength clear glass.
- Grid patterns use true divided lites and 1" wide window muntin bars.
- Bottom astragal is EPDM rubber u-seal mounted in an aluminum retainer.
- Cedar door stops are available and include a choice of white, brown, or gray vinyl weather seals.

## Hardware Specifications

- Vertical and horizontal tracks are 2" wide, 0.057 and 0.069 thick, respectively. Available track designs include 15" radius (16" headroom\*), 12" radius (13" headroom\*), 6" low clearance (10" headroom), 3" low clearance (6" headroom\*).

\*headroom for door and electric opener.

- Door hinges are 14-gauge galvanized steel.
- Struts are 2-1/4" wide, 20-gauge galvanized steel
- Rollers are nylon ball-bearing with zinc-plated shafts
- Torsion springs are rated at 10,000 cycles.
- Cables are 3/32" strand aircraft-type.

## Field Finishing

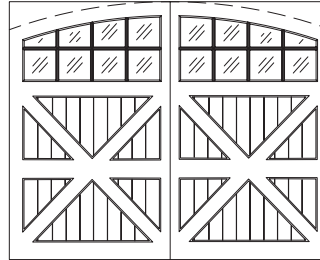

Door sections must be finished on all six edges upon delivery and prior to installation. For staining, use Sikken's® wood preservative. For painting, use a high-quality latex or oil-based product.

## Guaranteed For Quality

Artisan warrants each Sheffield door for a period of one year against manufacturing defects.
