

Relante[®]

Reliable Quality

For reliability, Raynor Relante is the perfect choice. With many of the features and qualities that today's homeowners are looking for, Relante doors offer a great look at a great value. Relante doors are available in 3 standard and 12 optional door designs.

Insulation

Through our innovative process, insulation fills 100% of the door's interior space. The energy-saving polyurethane core delivers an exceptional 13.08 R-value.

Thermal Protection

Thermal protection is provided by a continuous thermal break, preventing heat loss and metal-to-metal contact between inside and outside surfaces.

Finger Protection

As your door closes, the exclusive Raynor Finger Protection System[®] helps push fingers away from section joints.

Relante®

Reliable Raynor Relante garage doors feature 1-3/8" thick steel sections, and polyurethane insulation that offers a 13.08 R-value. Relante doors feature hot-dipped galvanized steel track and white powder coated hinges. Safety features include the Raynor Finger Protection System™. Relante garage doors carry a "For As Long As You Own Your Home" section limited warranty against rust and a six (6) year limited warranty on hardware and three (3) year limited warranty on springs to the original purchaser. EnduraCote™ hardware carries a "For As Long As You Own Your Home" warranty.*

1. baked-on finish
2. epoxy primer
3. galvanized layer
4. high-strength steel
5. polyurethane insulation
6. high-strength steel

Features - Built to Be Worry Free

- 1. Door Sections**
Sections are constructed from hot-dipped galvanized steel and coated with a baked-on, fade-resistant polyester finish for maximum durability, rust-resistance and color retention.
- 2. Rollers**
Steel wheels and hardened ball bearings provide smooth, quiet operation.
- 3. Cable Attachments**
Cable attachments prevent accidents and injuries. The tamper-resistant counterbalance cable attachment cannot be released while the cable is under tension.
- 4. Hinges**
Hinges made of high-quality hot dipped galvanized steel with an attractive, low-profile design are powder coated white to provide maximum protection against rust.
- 5. Springs**
Springs are designed to precisely match each door's weight for proper balance and smooth operation.
- 6. Vinyl Weatherseal**
The vinyl weatherseal along the bottom helps keep out wind and rain, while an optional perimeter weatherseal creates a seal along the exterior top and sides of the door.

- 7. Track**
The track is adjustable so that the door always fits tightly against the door opening, preventing energy loss.
- 8. Openers**
Openers provide you with maximum security and convenience.

Professional Installation and Service

Depend on your Raynor Dealer

When you select Raynor, you're not just getting a superior garage door - you're also getting professional garage door installation and service expertise.

Every Raynor garage door is installed by a trained Raynor professional, and that means added benefits for you. First, you won't have to deal with it yourself. Second, because it's done right the first time, your door will deliver performance and reliability from the day it's installed. Your technician will check your door for everything from safety to performance and appearance. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.
